THE MUSIC OF SIR NOËL COWARD

Catford Music Club

Presents

The Music of Sir Noël Coward

One of the most inimitable artists of his era. His music is unique in that it possesses beautiful melodies coupled with the gracefulness & subtleties of the exquisite English language.

"I could not help composing tunes even if I wished to. Ever since I was a little boy they have dropped into my mind unbidden and often in the most unlikely circumstances. There is, to me, strange magic in such occurrences. The essential talent is what matters and essential talent is unexplainable." Noël Coward
